Staffan Övgård

Director of Photography FSF

Biography

Staffan is a true entrepreneur with many years of film experience. He has done most of what can be done with a camera; hung out of helicopters in Dubai as well as over the open sea, filmed in the darkest hours of Stockholm and captured the most beautiful moments that Nordic light can provide.

Staffan is recognized for his highly acclaimed contribution as DOP in the award winning film "Tjuvheder" (Thief's Honor) in which he captured the nerve of the desperate life in Stockholm's criminal underworld.
